Case No.

ATTORNEY'S LIEN CLAIM  
JURY TRIAL DEMANDED

PETITION

COMES NOW the Plaintiff, Dale Walbran, and makes this his Petition for claims and relief against Defendant, Baker Hughes, Incorporated, hereinafter referred to as "Defendant" or "Baker Hughes", and alleges and states as follows:

PARTIES

1. Plaintiff is an individual with his only residence being in Tulsa County, State of Oklahoma.
2. Baker Hughes, Inc. (herein "Baker Hughes") is a foreign corporation with a place of business in Tulsa County, State of Oklahoma.

PLAINTIFF'S CAUSE OF ACTION AND JURISDICTION

3. This Petition arises due to the following causes of action: (1) Defendant's violation of the Age Discrimination in Employment Act (ADEA) of 1967 against Plaintiff for employment discrimination based on his age, and (2) Defendant's violation of the 85 O.S. §341,

et seq., for retaliatory discharge against Plaintiff for his on-the-job injury and his anticipated right to file a worker's Compensation claim and participation in a workplace medical plan.

4. The Court has jurisdiction over the subject matter and the parties to this action, and venue properly lies in the Tulsa County District Court pursuant to 12 O. S. §§133, 134, 142 and 143, because Defendant's principle place of business is in Tulsa County, Oklahoma; Defendant conducts business in Tulsa County, Oklahoma; and Plaintiff was employed by Baker Hughes in Tulsa County, Oklahoma.

5. The amount in controversy exceeds \$10,000.00, exclusive of costs and interest.

#### ALLEGATIONS OF FACTS

6. Plaintiff was hired by Baker Hughes in Perryton, Texas in or about 2011 as a mechanic. Plaintiff was transferred to Tulsa, Oklahoma by Baker Hughes in or about September 2012 as a technician.

7. On or about July 1, 2013, at the age of 56, Plaintiff was terminated. The reason provided to the Plaintiff was false and a ruse contrived by Baker Hughes in order to discriminate against the Plaintiff.

8. Plaintiff performed his job in a satisfactory manner, was experienced in his job duties and was qualified for his position and performed his duties in a satisfactory manner.

9. Upon good faith and belief, Plaintiff was replaced by a person who was younger and not more qualified than Plaintiff.

10. In addition, other workers, who were over 40 years of age, were also terminated. Upon good faith belief, and subject to proof, Baker Hughes engaged in a pattern or practice of discrimination against older workers.

11. Plaintiff's termination represents discrimination based on, either in whole or in part, his age.

12. Plaintiff injured his back while working on the job while employed for Baker Hughes in Perryton, Texas. Plaintiff complained about the injury to his supervisor who made no recommendations or offers for assistance. Plaintiff went to his own doctor on or about the following day due to pain and was given a 50 lb. weight lifting restriction. Plaintiff notified his supervisor of his doctor's recommendation, however, Plaintiff's job duties were not changed by Baker Hughes, his complaints were ignored and he was still required to lift more than 50 lbs. as part of his job. Plaintiff still continued to have back pain and continued to complain. Approximately 2 weeks later, the Baker Hughes Safety Director took Plaintiff to the company doctor who poked Plaintiff in the back and told Plaintiff he was "okay" and to go back to work. Plaintiff went back to work and was still required to lift more than 50 lbs. and complained that he was still having back pain. Baker Hughes transferred Plaintiff to Tulsa about 2 months later and put him to work assembling pumps and then fired Plaintiff about 3 months later.

13. Plaintiff had a viable workers' compensation claim and was participating in the company medical plan at the time he was fired. Plaintiff was terminated, at least in part, due to his worker's compensation claim rights or his participation in a company medical plan.

14. Plaintiff has complied with all procedural requirements. Plaintiff received his Notice-of-Suit Rights from the Equal Employment Opportunity Commission, dated February 12, 2014, on or about February 14, 2014.
